KRA COMMUNIQUE

CVL/OPS/INTERM/GENRL/18-114   **March 23, 2018**

TLS version upgrade to prevent security vulnerability

To prevent security vulnerability, CVLKRA had planned to disable the support of SSL and older versions of TLS (TLS 1.0, TLS 1.1) effective **April 6th, 2018 6 P.M**. CVLKRA will support only TLS 1.2 version post that time

In this regard, all are requested to make necessary changes in their system / application and web services for accessing the site.

Starting **April 2nd 2018**, CVLKRA UAT environment (test.cvlkra.com) will be available for testing the above changes.

In case of any queries/information, you can get in touch with following officials
